I cannot say enough positive things about my experience with the entire Realty Blue team. My husband and I were relocated across the country and were left with a condo in Fresno that we were losing money on every month. The housing market was bad, and we were in a panic two years later about what our options were. Jeff, Molly, and the entire Realty Blue team went above and beyond to make sure we understood all of our options, and were there for us every step of the way to ensure the best possible outcome. Our condo ended up selling successfully with a short sale, after a very long process with our extremely difficult mortgage company. Had we not had the support of Realty Blue in the sale, I am sure the outcome would have been very different.

Realty Blue really cares about their clients, and is attentive, responsive, and knowledgeable. Jeff spent many long conversations with us on the telephone explaining things and answering questions in a fair and honest way. We will be forever grateful at the fresh start we now have thanks to Realty Blue.

Jeff and the rest of the team Realty Blue were amazing. They helped us sell our house as a short sale. You can really feel that Jeff cares about you and your future. Business seems to come second; you are his first concern.

It was comfortable talking to him, he explained it to us in terms that we can understand. He also referred us to people to get a better perspective of our situation. Jeff felt more of like a friend than our realtor. THANK YOU JEFF!!!

I was referred to Jeff by one of my members from church back in 2009. The economy was in a dump, I was going through a divorce, and was facing foreclosure. Jeff and the team at Realty Blue not only helped get my house on the market, they took the time to help me understand each and every option available to me including the loan modification process through Making Home Affordable.

My situation had me crashing back and forth between foreclosure and short selling before I got too far under water. Fast forward two years later and here I am trying to wrap up my loan modification for the 2nd mortgage, the first one finalized last year. Keep in mind that the loan modification process yields no revenue for Jeff and his team. YET they never left my side and helped me each and every step of the way REGARDLESS. This is unheard of in today's world. I have never, and I mean NEVER found a group of professionals with that level of integrity and willingness to help putting the customer first irregardless of what the outcome meant for them. This is more than a job to these folks. They

truly treat this as a ministry to help those who may not be able to help themselves. I have an indescribable level of respect for them. If you only knew how critical and leery I am of "business people", you would understand how huge of a blessing they have been. Thanks to Jeff and Team Realty Blue, my two young daughters and I are able to stay in the home they grew up in. I can never thank you enough for all you've done for me and my family.

In December of 2010, my employer advised me that they would be moving my entire office from Glendale, CA to Fresno, CA in the next 18 months or so. I immediately went in search of a realtor to service my housing needs. I found Mr. Jeff Schrage of Realty Blue Inc. Between December 2010 and December 2011, Mr. Schrage has provided continuous service to me with regard to housing availability in the Fresno area without any pressure nor any expectations from me. I was really impressed by how quickly he responded to my queries every time I wrote to him and I am continually impressed as to his efficiency and attention to detail.

Today, my employer has scrapped the impending move and I am set to remain here in the L.A. area. But should I ever need to move to Fresno, I would surely engage Mr. Schrage and his company without any hesitation. Thank you Mr. Schrage and Team Realty Blue for your service and dedication to my needs. More power to you all.

I would like to take this time to commend and thank Team Realty Blue for their honesty, integrity, and hard working agents. The search for my first house lasted nearly a year and a half before finding the perfect home. Throughout that year and a half, Team Realty Blue bent over backwards to help me understand the process of purchasing a home and the many steps that it would take so that I would be successful in the end.

The decision to have the Team Realty Blue represent me in finding my home was the best decision I could have made. I immediately felt like I was a part of the Team Realty Blue family which made the process so much more enjoyable. Team Realty Blue employees really care about their customers. If for some reason Molly was unavailable, the Realty Blue family would jump in and make sure someone was always there to help me. Finding my perfect home was an exciting journey filled with many memories. I am certain that I would not have had these wonderful memories that I have, if I would have gone with another realty company.

Thank you to Molly McGuire and Team Realty Blue for finding my home. This was a big step in my life and could not have taken that step unless you were all here to help me. It is great to work with people who truly enjoy helping others. Thank you again!

We had a great experience purchasing a home with Team Realty Blue. Jeff and Molly are incredibly knowledgeable and very friendly. They helped us and explained everything to us (sometimes more than once!) every step of the way. They are very detail oriented, reliable, conscientious and resourceful. We highly and strongly recommend Team Realty Blue to anyone looking to purchase a home in the Fresno Area.

I cannot tell you how much Jeff, Naomi, Molly, Evy and the Realty Blue team have saved me from insanity. Even in the middle of this national housing mess, the Realty Blue Team has been amazing. They always talk you through each real estate guideline, highlighting both the pros and cons of each action. I always feel like I am making the best decision possible because they are so well-informed and thus I am so well-informed. They're extremely knowledgeable in their space, building strong relationships with buyers, sellers, HOAs, and lenders so that the sale of your property will be as smooth as possible once an offer is in place.

The team's extraordinary level of commitment was evident from the start. When I first met Jeff, he was working with non-profit agencies and helping dozens of families who were facing foreclosure. The Realty Blue team members are experts in this area. They counsel you on the many ways in which to avoid foreclosure, as well as help you determine whether you're a candidate for a short sale. Both are long, lengthy and complicated processes and many agents will not take on such tasks.

This company is also very tech-savvy. Since I am no longer living in the area, this has been great as they can do much of their paperwork via fax or e-mail and DocuSign. In an industry where time is money, this has proven to be very effective and efficient. Furthermore, unlike many old-fashioned agents, Realty Blue will market your property in both traditional and new media so it gets maximum exposure.

You have my word that every member on the Realty Blue team will spend the time it takes to answer all your questions and they will never pressure you into signing with them. They know that if you're not happy, the deal is no good.

I seriously cannot put into words how wonderful this team is. They genuinely care about their clients and they're not out to make a quick buck in this commission-based industry. Even if your place doesn't sell for a year, the team's superior level of service never wavers. I highly recommend Team Realty Blue for all of your real estate needs.

Jeff Schragar and his team, Team Realty Blue, helped me find my first house and I'm so grateful to have worked with them. Jeff and his team are amazing! They were constantly calling and informing me of what was happening and always kept me in the loop. Even when nothing was happening, they were still calling and communicating where we were in the process. Working with them was so enjoyable and was truly a pleasure. I would definitely do business with them again if I had the

opportunity to do so.

- Sam P., Fresno, CA

Dear Team Realty Blue: I wanted to tell all of you - THANK YOU! I am so appreciative of the many hours spent to sell my property. The entire staff at Team Realty Blue is fantastic, friendly and so accessible. Words cannot express my gratitude. Of course I found myself working closely with Naomi and Jeff. I wanted to write this letter to say a few things to you both. Naomi - you are a wonderful lady! You are fantastic at your job. I'm sure the folks there know it - but I feel the need to let everyone know how much of an asset you are to Team Realty Blue! Your patience, common sense, sensitivity and compassion when dealing with people should be recognized. Very few people, in any business - go that extra mile as you do. Jeff - your passion and knowledge is unbridled. I can't say thank you enough for always picking up the phone, easing my fears and spending so much time talking to me. You could probably bill me for what seemed like therapy sessions over the phone. You have a wonderful way of explaining things. You are a caring human being. We need more folks like you in the world. I must say, a part of me is melancholy about the sale. Moving from a home is closing a chapter in life. I will also miss the phone calls from you guys and the friendship built. Please keep in touch.
